List of Acceptable Alternative Standards to ISO 22301:2012

IRCA has determined that, for the purposes of conformance with the IRCA/1012 Business Continuity Management Systems auditor certification criteria, the submitted standards detailed in this document are considered acceptable alternatives to the ISO 22301:2012 Specification.

IRCA's evaluation of these standards includes a technical review for the purposes of validation of acceptability of an applicant's claim of experience "equivalent" to auditing Quality Management Systems to ISO 22301:2012. This evaluation is used only to determine whether audit experience using these standards meets the audit experience requirements stipulated in the IRCA auditor certification criteria. It is not intended as a technical review of the equivalence of a standard BS ISO 22301:2012.

IRCA will review submitted standards, update and reissue this list periodically.

IRCA Serial No.	Authority/Title	Number or Reference	Country of Origin	End of life (not accepted after)
1	BS 25999:2007 Part 2	BS 25999	UK	May 31st 2014
